Driving through the Ngorongoro Conservation Area towards the Serengeti you will begin to experience the vastness of this territory and marvel at the multitude of animal and bird life while cruising through this acacia spotted savannah.

You will visit a Maasai Village in the Ngorongoro Highlands (optional) where you will meet the Elders, Warriors, women and children and learn about the culture, beliefs and traditions of Tanzania's last nomadic tribe.

The Serengeti is Tanzania's oldest and most popular national park and is also a UNESCO World Heritage site. The Serengeti is a year-round destination and each season has its own special highlight with the most famous being the annual wildebeest migration which is a once in a lifetime experience. You will game drive enroute before arriving into the Serengeti in time for a half day game drive.

Day 4: Ngorongoro Crater (B, L)

Today you will be rewarded with a visit to the stunning Ngorongoro Crater which became a UNESCO World Heritage site in 1979 and is one of the only places on earth where mankind and wild animals co-exist in harmony. The Ngorongoro Crater is famous for Africa's best game viewing as there is an ever present abundance of wildlife due to the permanent water supply on the crater floor.

Upon arrival at the Crater's rim you will descend 610 metres into the Crater where your safari truly begins. Spot the endangered black rhino as well as wildebeest, buffalo, zebra, eland, Grant's and Thomson's gazelle and of course, giant tusked elephants. The Crater also has the largest known population of lions and you will also find leopards and cheetahs as well as scavengers such as spotted hyenas, jackals and rare wild dogs. Over 500 species of birds have been recorded within the Ngorongoro Conservation Area and these include white pelicans and flamingos.

After a full day game drive (6-9 hours) you will return to Arusha for your final evening.

It is one of the most direct ways that you can have a positive economic impact within the East African community. Although it may not be customary for you, it is of considerable significance to the people who will take care of you during your travels, as an important source of income for those in the tourism industry).
