DAY BY DAY ITINERARY:

Day 1: Arrival Day

Upon arrival at Kilimanjaro International Airport you will be met by a Benson Safaris Tanzania Transfer Driver and driven to your lodge where the remainder of the day is at leisure – rest in your room, enjoy a swim in the pool or explore Arusha and the surrounding areas on one of our day tours – the choice is yours.

Overnight – Ilboru Safari Lodge, Arusha

Day 2: Tarangire National Park (B, L, D)

After breakfast you will drive to Tarangire National Park for a full day game drive. Tarangire is one of Africa's little-known gems and should be on the itinerary of all lovers of wilderness and solitude. Its name originates from the Tarangire River that crosses through the park and is the only source of water during the dry season.

Tarangire's landscape is incredibly diverse with a mix that is not found anywhere else on the northern safari circuit. It is dotted with ancient baobab trees, which the Maasai people believe are the first tree in creation, and large termite mounds. The dry season sees the harsh sun suck the moisture from the landscape, baking the earth a dusty red while the wet season brings dense bush and luscious high grasses. Famous for its large elephant population, it is also home to zebra, wildebeest, giraffe, waterbuck, baboons, dwarf mongoose, impala, buffalo, antelope and fringe-eared oryx. Predators include lion, cheetah and leopard. The swamps are shared by flocks of birds; green wood hoopoes, lovebirds, tallish herons, white bellied go-away birds and giant kingfishers. On drier ground you will find the kori bustard and the heaviest of the flying birds; the ostrich.

Overnight – Sangaiwe Tented Lodge, Tarangire National Park

Day 3: Ngorongoro Crater (B, L, D)

Today you will be rewarded with a full day game drive in the stunning Ngorongoro Crater which became a UNESCO World Heritage site in 1979 and is one of the only places on earth where mankind and wild animals co-exist in harmony. The Ngorongoro Crater is famous for Africa's best game viewing as there is an ever present abundance of wildlife due to the permanent water supply on the crater floor.

Upon arrival at the Crater's rim you will descend 610 metres into the Crater where your safari truly begins. Spot the endangered black rhino as well as wildebeest, buffalo, zebra, eland, Grant's and Thomson's gazelle and of course, giant tusked elephants. The Crater also has the largest known population of lions and you will also find leopards and cheetahs as well as scavengers such as spotted hyenas, jackals and rare wild dogs. Over 500 species of birds have been recorded within the Ngorongoro Conservation Area and these include white pelicans and flamingos.

In the late afternoon you will drive to Isoitok Tented Camp located on Maasai land in the Manyara region where you will spend the night.

Overnight – Isoitok Tented Camp, Manyara

Day 4: Lake Manyara National Park (B, L)

Today you will visit Lake Manyara National Park for a full day game drive. Stretching along the base of the Rift Valley escarpment, Lake Manyara is

home to giant fig trees, acacia woodlands, mahogany trees and grassy flood plains. The contrasts of this area are simply breathtaking with its open plains, huge escarpment, Soda Lake, dense woodlands, and distant volcanic peaks coming together in an area best described by Ernest Hemingway as “the loveliest I had seen in Africa”.

Animals such as large buffalo, wildebeest, giraffes, mongoose, dik dik and zebra herds congregate on the grassy plains while the narrow belt of acacia woodland is home to the legendary tree-climbing lions and tusked elephants.

Lake Manyara provides the perfect introduction to Tanzania’s bird life with more than 400 species being recorded. Highlights include thousands of pink-hued flamingos on their perpetual migration, as well as other large waterbirds such as pelicans, cormorants and storks.

In the late afternoon you will return to Arusha for your final evening.

Overnight – Ilboru Safari Lodge, Arusha

Day 5: Departure Day (B)

Today you will be transferred to the airport for your onward flight.

YOUR SAFARI EXCLUDES:

- Drinks at hotels, lodges and tented camps unless otherwise stated
- Tips (tipping is an expected, though not compulsory, component of any African safari. We are often asked for tipping guidelines and we recommend \$10-15 USD for your Guide per person per day. It is one of the most direct ways that you can have a positive economic impact within the East African community. Although it may not be customary for you, it is of considerable significance to the people who will take care of you during your travels, as an important source of income for those in the tourism industry).
